Subject: Testing Available to University Employees
Date: Wednesday, June 3, 2020 5:07:44 PM
Attachments: [image001.png](#)

Colleagues:

As you know from a May 27 [MASSMAIL](#) from the Office of the Chancellor, [COVID-19 testing](#) is now available to all university employees. Test results are confidential and will only detect a current infection.

The university encourages us all to take advantage of this free testing. In the Library, COVID-19 testing is considered an approved absence with pay. Please check-in with your supervisor to notify them of your intent to go to a test site; however, you are not required to share any medical information with your supervisor or Library Human Resources.

Please bring a photo ID card and health insurance card for everyone in your family being tested. While the testing process is efficient, you may experience a longer wait during busy times.

The testing site in Champaign is closed today, June 1, 2020. Visit the Champaign-Urbana Public Health District's Facebook page at <https://www.facebook.com/pg/CUPHD> for the most up-to-date testing site hours.

Be well!

Skye
